

HMFP celebrates 25 years!

Congratulations to the physicians and staff of HMFP for 25 years of outstanding service to our patients and the communities we serve.

*“In 1998, HMFP started with 700 physicians. Today, we number more than 2,200 and growing strong,” said **HMFP President and CEO, Alexa B. Kimball, MD, MPH**. “Our achievements are the result of the exceptional contributions of so many talented and compassionate clinicians, researchers, and educators that make HMFP one of the largest and most respected physician organizations in our region. On behalf of our Board of Directors and myself, we extend our deep respect and gratitude for your contributions, and excitement for continued success as we move forward together.”*

“The most significant positive change in HMFP over the last 25 years has been that the departments at BIDMC have grown closer in working together.”

-Clifford B. Saper, MD, PhD

“HMFP enhances BIDMC’s commitment to collegial relationships between departments and physicians...this respectful, collaborative, clinical atmosphere is unique among major academic medical centers.”

-Richard Schwartzstein, MD

“It has been over 20 years since my own care by HMFP physicians and BIDMC nurses saved my life, so after 50 years as a physician at BIDMC, I’d like to express my gratitude.”

-Robert S. Brown, MD
