Service Line Updates

New Department Leadership Roles

To further our mission of becoming a national leader in compassionate, equitable, and innovative women's healthcare, we have appointed three new leaders to help drive progress across our key priorities.

Rose Molina, MD, MPH, will serve as our Vice Chair of Community Engagement, Advocacy and Equity.

Meredith Atkins, MD, will serve as our Vice Chair of Education.

Julian Robinson, MD, will serve as our Vice Chair of Operations,

Michele Hacker, ScD, MSPH, continues to serve as our Vice Chair of Research.

Expanded OB/GYN Residency

Medical Education is excited to announce that our residency expansion has been officially approved by the ACGME. Starting in June, we will welcome seven new interns to our program.

Welcome New OB/GYN Residents

Our team is thrilled to introduce our new OB/GYN Residents. This year's matches are particularly special as we celebrate the expansion of our residency program. Along with welcoming our seven incoming PGY-1 residents, we are also excited to introduce a new PGY-3 resident joining our program, **Nina Feinberg**, MD, from WellSpan York Hospital.

Congratulations! BIDMC OB/GYN Residency Class of 2029

Global Health: Updates from Botswana

Rebecca Luckett, MD, MPH, OBGYN at BIDMC and the Botswana Harvard Partnership in Botswana, announced the enrollment of the first participant in the HOPE-II vaccine trial. This international, multi-site clinical trial, hosted by Massachusetts General Hospital and funded by the Bill and Melinda Gates Foundation, evaluates the efficacy of a single-dose HPV vaccination in young women with HIV. Dr. Luckett serves as the site Principal Investigator for the Botswana site, with additional study sites in South Africa and Rwanda. The trial aims to enroll 750 participants, including 250 from Botswana.

Harvard Medical School Second Annual CME Course Female Sexual Wellness: Identifying Concerns and Treatment Options

There is still time to sign up for our second-annual Harvard Medical School CME virtual course "[Female Sexual Wellness: Identifying Concerns and Treatment Options](#)." Back by popular demand, this course is designed to equip learners with the knowledge and skills necessary to understand, diagnose and treat female sexual function concerns.

Attendees will learn from a multidisciplinary panel of faculty. Topics covered will include disorders of desire, arousal, orgasm, and sexual pain (dyspareunia), in addition to new topics on trauma-informed care, care of the gender diverse patient, office-based procedures for pain, and impact of hysterectomy and gyn surgery on sexual function.

Virtual Event Information: Event Date: **Friday, May 2, 2025**; Time: 8 a.m. - 5 p.m. ET; Learn more and register [here](#).

*This course is directed by **Mallika Anand**, MD, MS, Director of Center for Intimate Health and Wellness, Division of Urogynecology and Reconstructive Pelvic Surgery at BIDMC, Assistant Professor of Obstetrics, Gynecology, and Reproductive Biology, Harvard Medical School.*
